VMO General Physician (Cardiologist), Tamworth Hospital

- Be involved in General Medicine and Cardiology (non-interventional) services
- Work in both the public and private sectors
- The Tamworth community needs you – come and make a difference!

A position is available for an experienced General Physician seeking an opportunity to provide general medicine and cardiology (non-interventional) services in a rural environment. Come and join our team of 14 General Physicians covering cardiology, nephrology, rheumatology, medical and radiation oncology, haematology, neurology, gastroenterology, rehabilitation and endocrinology. There are additional FACEM and FICM consultants covering acute presentations to the Emergency Department and Intensive Care Unit.

An Ideal Position! The position includes:
- General Medicine services to inpatients of Tamworth Hospital
- Privately referred outpatient consultancy services from your own private rooms
- Participation in the after hours General Medicine on-call / call-back roster
- Potential to conduct clinics in nearby centres.

Tamworth Hospital has 288 beds and is the major Rural Referral Hospital providing services to the north west of NSW. Tamworth Hospital provides a high level of surgical and medical services including a diagnostic cardiac catheter laboratory. Tamworth is a teaching hospital for the Bachelor of Medicine, University of Newcastle and the Joint Medical Program, University of New England. This offers excellent teaching and research opportunities. Tamworth is well serviced by junior medical staff across the general medicine unit (including 8 JMO’s and 7 RACP trainees) with the opportunity for this to grow!

Tamworth Hospital is currently in the build stage of a $220 million redevelopment which is due for completion mid 2015. The facility is built with future growth in mind and involves 5 of the 8 new multipurpose operating theatres in use. This compliments the newly completed Regional Cancer Centre now in operation, providing integrated cancer care services including medical and radiation oncology.

An Ideal Lifestyle!

Come and live and work in Tamworth, one of Australia’s most inviting and prosperous regional cities surrounded by beautiful scenic mountains and native wildlife. Tamworth offers a contemporary effortless lifestyle and ease of access with regular flights to Sydney and Brisbane, or a scenic drive to various spectacular inland and coastal locations. There is an extensive array of quality educational facilities, including excellent public and private schools, University of Newcastle health campus, and New England Institute of TAFE. Tamworth Hospital is a leader in employment opportunities and education, nurturing the growth of health careers.

An Ideal Opportunity! You will find that Tamworth is a great place to live, work, raise a family and further your career. Come and see what Tamworth has to offer you! If sport is more your thing - there are top class sporting and recreational facilities including 2 golf clubs, a state-of-the-art Indoor Sports Centre, the Australian Equine and Livestock Centre plus a huge variety of recreational and sporting clubs.
