

TAVI CARDIAC CT WORKSHOP

NETWORK WHILE YOU LEARN

GE, Austin Health Cardiology & Radiology Departments and Future Medical Imaging Group (FMIG) are delighted to present this workshop designed for radiologists, cardiologists and radiographers who wish to understand more about TAVI procedures, CT imaging for TAVI and the post processing required for planning TAVI procedures.

The workshop will be presented by Dr Matias Yudi (Austin Health) Associate Professor Ruth Lim (Austin Health) and Associate Professor Kean Soon (FMIG). The workshop will cover all aspects of TAVI imaging and planning, including hands-on training for measurements on workstations provided.
