RACP Trainee of the Year - Dr Hashrul Rashid

Congratulations are extended to CSANZ member Dr Hashrul Rashid who has been awarded the prestigious 2020 RACP Trainee of the Year award. Dr Rashid completed advanced training in cardiology at the end of 2019 and is currently completing his PhD at Monash Cardiovascular Research Centre on leaflet thrombosis following TAVR.

Dr Rashid's previous awards include Victorian Junior Doctor of the Year (2013), Monash Health Resident of the Year (2014), Monash Health Clinical Research

Award (2017), CSANZ Victoria Registrar Research Prize (2019) and the TCT Asia Pacific Best Abstract Award (2016 & 2018).

CSANZ-Boehringer Ingelheim Heart Failure Research Grant

Applications are now open from early to mid-stage researchers and healthcare professionals for the CSANZ-Boehringer Ingelheim Heart Failure Research Grant. The value of the grant is A\$50,000.

Both interventional and observational studies in heart failure will be considered. For further information and to apply go to the website www.csanz.edu.au/CVRIG.

Applications close on Monday, 15 June, 2020.

2020 CSANZ-Bayer Young Investigator Research Grants

The CSANZ-Bayer Young Investigator Research Grants have been made possible through unrestricted funding by Bayer with the aim of supporting exceptional young cardiovascular research talent in Australia and New Zealand. In 2020, two grants each to the value of A\$50,000 are available. Applicants must be:

- a member of the Cardiac Society of Australia and New Zealand
- six years or less post-award of PhD or a postgraduate qualification
- domiciled in Australia or New Zealand
- affiliated with an academic/scientific institution or national health care system

[Click here](#) for further information.

[Click here](#) to download an application form.

Applications close at 5pm AEST on **Monday, 15 June, 2020.**

Apply now for 2021 UK Interventional Fellowships

Applications are now open to Australian and New Zealand trainees for the following funded 12 month interventional fellowships in the UK.

CSANZ-UK Interventional Fellowship: one-year advanced PCI and TAVI fellowship at Wythenshawe University Hospital, South Manchester NHS Trust. The fellowship is intended for a senior cardiology trainee who holds FRACP and who wishes to pursue a career in interventional cardiology. [Click here](#) for further information.

ANZET-UK Structural Interventional Fellowship: one-year Fellowship in structural intervention, focussed on trans-catheter valve intervention at Leeds General Infirmary, UK. The position is intended for a senior interventional cardiology trainee who has already obtained extensive training in percutaneous coronary intervention, and wishes to pursue a sub-specialist interest in valve intervention. [Click here](#) for further information.

Due to the disruption and uncertainty relating to the COVID pandemic, the deadline for applications

for both Fellowships has been extended until **Tuesday, 12 May, 2020**.
