---

## Apply Now for the 2023 CSANZ Indigenous Health Prize

The CSANZ Indigenous Health Prize will be awarded to the best individual presentation in the Indigenous Health Prize session at the 2023 Annual Scientific Meeting.

Abstracts are invited for studies involving Aboriginal, Torres Strait Islander, Māori or Pacific Islander populations. Applications will need to demonstrate engagement with Indigenous leadership, community members or Indigenous stakeholders during the research process, and the contribution of the research to reducing inequity and delivering tangible benefits for communities.

[Click here for all the prize details, submission requirements and how to apply.](#)

Applications close on **Monday, 8 May 2023**

## Update on the MBS Heart Health Check decision

The MBS Heart Health Check is currently due to expire on 30 June 2023, and there are concerns that the Federal Government will not extend this item.

Whilst our partners, the Heart Foundation of Australia and Hearts4heart advocacy efforts appear to have a preliminary result in reversing the government's decision to cease the Medicare items dedicated to the Heart Health Check.

Until there is something in writing, (such as a pre-budget announcement), there is no guarantee. So, we ask for your support in promoting the Heart Foundation of Australia's campaign.

Hearts4heart will continue speaking with MPs and Senators, and they anticipate a formal announcement within the next couple of weeks.

In the meantime, we ask if you could get behind this campaign by [sharing on social media](#) and [signing the petition here](#).
