

Management of Cardiovascular Disease in People with Obesity – Outcomes from the AHA Scientific Sessions 2023

LIVE PANEL DISCUSSION

 **Monday, 13 November 2023**

 **7:00 PM - 8:00 PM (AEDT)**

 **Virtual Event**

Join our panel of experts as they discuss the outcomes of the American Heart Association (AHA) Scientific Sessions 2023 in relation to the advancements in managing cardiovascular disease in people living with obesity.

We will be reviewing trial results presented at AHA and their implications for clinical practice in Australia.

Registration is free to attend.

This webinar is registered for **1 CPD hour** with the **RACGP CPD Program** and certificate of attendance available upon request.
